SKILLS

- **Languages:** Typescript, Javascript, HTML, CSS
- **Tools:** React.js, Node.js, Express, MongoDB, Next.js, SASS, SCSS, jQuery, Webpack, Adobe Photoshop

PROJECTS

Portfolio Website React.js, Typescript, Javascript, SASS, CSS, HTML, Framer, Photoshop

- Leveraged the Framer API and React.js to create a uniquely animated, responsive single page application

Cocktail Curations React.js, Next.js, Javascript, SASS, CSS, HTML, Framer, Prismic, Photoshop

- Developed an SEO-friendly company website using Next.js and static-site generation.
- Implemented a user-friendly blog and gallery system using Prismic.io for headless content management

Staxx The Game Node.js, Express, MongoDB, Javascript, jQuery, SASS, CSS, HTML

- Developed a user-friendly and mobile compatible arcade game using object-oriented Javascript
- Created a RESTful API with Node.js/Express to communicate with MongoDB to store/retrieve scores

Charred Food React.js, Node.js, Express, MongoDB, Javascript, SASS, CSS, HTML, Framer

- Developed a React.js based business website alongside a Node.js/Express backend for contact email service

WORK EXPERIENCE

Cocktail Curations

January 2020 - Present

Web Developer / Photographer

Alexandria, VA

- Created a React.js based concept website to replace the Squarespace website using Prismic.io to allow for a user-friendly experience adding in blog posts and images.
- Built the company's Shopify e-commerce website with the Liquid templating language and successfully drove over \$12,000 in online sales and nearly 5,000 website hits in the course of 6 months.
- Implemented SEO for both the pre-existing Squarespace website and newly created Shopify website resulting in first-page positions when querying the company name.

PRG Hospitality

January 2018 – June 2019

Senior Manager

Washington, DC

- Planned and opened the company's new 125-seat restaurant (Declaration Nats Park) and exceeded initial sales forecasts of \$40,000/month by an average of \$12,000 in the first year.
- Responsible for assisting the company in managing and overseeing the operation of all four restaurants in the restaurant group after successfully launching Declaration Nats Park.

Lincoln

December 2016 – January 2018

Hospitality Manager

Washington, DC

- Created an Excel-based system for managing multiple facets of operating the restaurant including a tip-payout system, an events payroll system, and numerous profit/loss analyzers. Later used company wide.
- Reduced overall labor costs by 2.5% within first eight months without compromising service or efficiency in the front of house by redistributing areas of responsibility and creating a culture focused on teamwork.

EDUCATION

Montgomery College

Associate of Arts: General Studies
